The Problem We Solve

The Poker Problem

- Traditional poker is expensive, labor-intensive, and low-margin
- Escalating dealer salaries and staffing headaches
- Retaining talented dealers is often time-consuming and difficult
- Slow gameplay can limit revenues and profit
- Many poker rooms have closed or have limited hours
- Casinos have demand but prohibitive economics

The Solution

- Jackpot Blitz® increases poker revenues, decreases costs, and creates a stunning player experience
- Jackpot Blitz® enables casinos offer poker with viable economics

Bridging the Poker Gap
