Jackpot Blitz® Benefits

Jackpot Blitz® has become known as “The Happy Table” by eliminating common sources of conflict such as dealer mistakes, and also eliminates tipping the dealer

Make More Money

Jackpot Blitz® tables earn more per hour than live poker tables

Control Costs

Eliminate HR and supply costs

More Hands Per Hour

Fully-automated table with 8 player seats. Industry leading poker hands per hour

Gesture Control

Playing surface responds to hand gestures to replicate real casino play

Ticket-In-Ticket-Out /SAS

Instant payment. Integrates with most Casino Management Systems

No More Manual Reports

Automatic report generation from any mobile device or computer

RealTime Tracking

Real time financial and game play statistics

Reliable and Secure

Isolated servers prevent any security threats and allow easy game updates

AUTOMATED NON-STOP TOURNAMENTS 24/7

Your Competitive Edge

Sit 'N 'Go Tournaments

Offer nonstop tournament poker action without any of the associated expenses and headaches of staffing or supplies to run a tournament

Multitable Collapsible Tournaments

Your Jackpot Blitz® “zero operational risk tournament room” will attract bigger crowds, operate independently, become instantly profitable, and is easily scalable

Satellite Tournaments

Monetize Downtime with Exciting Side Bets and Mini Games

Poker is a skill game with significant player downtime during and between hands. Our suite of house banked mini games and side bets are available for simultaneous play, meaning players are engaged 100% of their time at the table. Anyone with a seat at a Jackpot Blitz® table can play blackjack, baccarat, video poker, and place side bets on Texas Hold'em and Omaha poker games.

Player Benefits

75" 4K ultra-sensitive playing surface

Responsive to authentic hand gestures

Play multiple games simultaneously

Fast, efficient error free game play

Excitement and authenticity of live poker

Intuitive and fun to play

Operator Benefits

Automated Dealer

Ticket-In-Ticket-Out Payments

Modern and stylish design

Isolated server mitigates security threats

Easy table and tournament management via back-end system

SAS for integration with most casino management systems
