Jackpot Blitz®

About Jackpot Digital

Jackpot Digital is a leading manufacturer of dealerless multiplayer electronic poker tables for the cruise ship and land-based regulated casino industries. The Company specializes in dealerless poker which is complemented by a robust suite of backend tools for casino operators to efficiently control and optimize their poker business.

Our Competitive Advantage

Jackpot Digital is a positive disruptor in the casino business. While casinos have kept pace with technology in slot machines, poker rooms haven't been updated to benefit from digital advances that make the game more fun for players and more profitable for casinos.

Our flagship product, Jackpot Blitz®, brings the social benefits of multiplayer poker into the digital era. The 75-inch, 4k touchscreen creates a stunning player experience, all while controlling costs and maximizing operator efficiency, flexibility, and profitability.

Investment Highlights

- Jackpot is the dominant global leader in the manufacture and installation of dealerless multiplayer electronic poker tables
- Jackpot is uniquely positioned to take advantage of the macro trend toward automation in the casino market
- Jackpot Blitz® tables make more money per hour than poker tables with live dealers
- Jackpot Blitz® offers superior tournament play options
- Jackpot has signed a Master Services Agreement with PENN Entertainment Inc., the largest regional gaming operator in the United States, with 43 properties in 20 states
- Casinos all over the world are experiencing inflationary salary pressures, combined with a significant shortage of dealers, making Jackpot Blitz® more attractive than ever before
- Jackpot's tables operate aboard several major cruise lines including Carnival Cruise Lines, Princess, Virgin Voyages and Costa Cruise Lines, with installations aboard Royal Caribbean ships coming soon
- Jackpot is now tapping into the massive land-based casino market and aggressive expansion is underway
- The company offers an unrivaled player experience which includes a digital touch screen and a stunning 75-inch, 4k display table which replicates the live poker playing experience, combining the social benefits of in-person poker with the cost, efficiency and profitability benefits of digital
- Jackpot Blitz® is helping to increase poker revenues and decrease costs because it eliminates the need for dealers, chips and cards
- Each new Jackpot Blitz® deployment represents added recurring revenue for the company, which earns an attractive licensing royalty from Jackpot Blitz® table deployments
- Jackpot Blitz® has become known as "The Friendly Table" by eliminating common sources of conflict such as dealer mistakes, and also eliminates tipping the dealer
