

**JACKPOT DIGITAL TO INTRODUCE SAS PROTOCOL JACKPOT BLITZ™  
AT THE 2022 INDIAN GAMING TRADESHOW IN ANAHEIM THIS WEEK**

Vancouver, British Columbia – April 20, 2022 – Jackpot Digital Inc. (the “Company” or “Jackpot”) (TSXV: JJ) (TSX-V: JJ.WT.B) (TSX-V: JJ.WT.C) (US OTCQB: JPOTF) (Frankfurt Exchange: LVH3) is pleased to announce that it will showcase the next generation of Jackpot Blitz™ Electronic Table Game (“ETG”) to the casino world this week at the 2022 Indian Gaming Tradeshow in Anaheim, California, USA.

The new Jackpot Blitz™ ETG can be seen and played live at booth number 916 during the tradeshow hours on April 21<sup>st</sup> and 22<sup>nd</sup>, 2022 at the Anaheim Convention Center.

The new version of Jackpot Blitz™ ETG will support the Slot Accounting System (“SAS”) protocol, with capabilities to accept cash/voucher and print voucher at each seat. With the SAS protocol integration, Jackpot Blitz™ ETG meets the industry standard criteria required by the majority of large casino operations and should significantly increase the number of casinos that are able to install Jackpot Blitz™ onto their casino floors. By unlocking major segments of the global casino market, the Company sees the introduction of this feature as a significant growth milestone.

Jackpot Digital President and CEO, Jake Kalpakian states “The casino managers with whom we interact have given us overwhelmingly positive reviews on Jackpot Blitz™ because of its clean, intuitive design, engaging touchscreen display and many clear operational benefits. However, many operators have been unable to move forward with ordering our product due to their need for Ticket In / Ticket Out functionality and SAS-protocol support, which we have now built. Our next generation Jackpot Blitz™ addresses this requirement and dramatically opens up many new markets for the company.”
