

JACKPOT DIGITAL ANNOUNCES PRIVATE PLACEMENT

Vancouver, British Columbia – August 13, 2022 – Jackpot Digital Inc. (the “Company” or “Jackpot”) (TSXV: JJ) (TSX-V: JJ.WT.B) (TSX-V: JJ.WT.C) (US OTCQB: JPOTF) announces that the Company intends to conduct a non-brokered private placement to raise gross proceeds of \$500,000 at the price of \$0.05 per unit through the issuance of 10,000,000 units of the Company (the “Private Placement”). Each unit shall consist of one common share and one common share purchase warrant (a “Warrant”). The Private Placement is subject to TSX Venture Exchange approval (the “Exchange”). Each Warrant shall entitle the holder to acquire one common share of the Company at the price of \$0.10 per common share until November 20, 2025 (the “Private Placement Warrants”). The Private Placement Warrants will have the same terms and conditions as the warrants that were issued by the Company pursuant to the rights offering which completed on November 20, 2020 (the “Rights Offering Warrants”). There may be finder’s fees payable in respect to the Private Placement. The securities that may be issued in connection with the Private Placement shall include a four-month and a day hold period in accordance with applicable securities laws.

Subject to Exchange approval, the Company intends to list the Private Placement Warrants on the Exchange, which listing will be on the same terms and conditions as the Rights Offering Warrants and will not become effective until the statutory four-month hold period in respect of the Private Placement Warrants has expired.

The funds from the Private Placement will be utilized towards general working capital and for regulatory licensing fees for recent opportunities in new jurisdictions.

President & CEO Mr. Jake Kalpakian states, “As Covid restrictions are easing, we are experiencing improving results. We recently had our best month in July since February 2020, the last full month of operations before sweeping Covid-19 restrictions took effect.”

Mr. Kalpakian continues, “Our order interest from the land-based casino segment is growing and is building momentum.”

Mr. Kalpakian further states, “Inflationary salary pressures, combined with the significant shortage of dealer/casino employees has made our product more attractive than ever before and the Company is uniquely positioned to take advantage of the macro trend in the industry. Through Jackpot Blitz’s innovative dealerless technology, casinos are quickly recognizing the benefits of more revenues by dealing more hands per hour while at the same time drastically reducing costs and eliminating operational/employee requirements all at once.”

An Insider intends to participate in the Private Placement. The issuance of units to the Insider pursuant to the Private Placement is considered to be a related party transaction subject to TSX-V Policy 5.9 and Multilateral Instrument 61-101. Jackpot intends to rely on exemptions from the formal valuation and minority shareholder approval requirements provided under section 5.5(a) and 5.7(1)(a) of Multilateral Instrument 61-101 on the basis that participation in the Financing by the Insider will not exceed 25% of the fair market value of the Corporation's market capitalization.
