

## **JACKPOT DIGITAL RECEIVES MAINE GAMING LICENSE**

**Vancouver, British Columbia – February 27, 2025 - Jackpot Digital Inc.** (the “Company” or “Jackpot Digital”) (TSX-V: JJ) (TSX-V: JJ.WT.C) (US OTCQB: JPOTF) (Frankfurt Exchange: LVH3), the world’s leading provider of innovative dealerless electronic poker gaming solutions, is pleased to announce that it has received license approval from the Maine Gambling Control Unit (MGCU).

This milestone marks a significant achievement for the Company, as it is the first state-issued license it has received in the United States. This state license allows the Company to install its casino machines throughout all of Maine.

"Receiving approval from MGCU is a major accomplishment," said Jake Kalpakian, CEO of Jackpot Digital. "Until now, our U.S. licenses have been exclusively through our valued Indian Gaming casino partners, who issue licenses for their respective properties. A state license, however, grants us access to the entire state. We have several additional state licenses pending approval, representing a major expansion opportunity into larger state-regulated commercial casinos."

“More immediately, this MGCU approval enables us to offer Jackpot Blitz® to gaming operators across Maine. We are excited to bring our innovative products to Maine’s gaming community and reinforce our commitment to delivering cutting-edge technology-driven entertainment” Mr. Kalpakian continued.

With growing interest in the state, the Company plans to immediately engage with gaming operators throughout Maine.

The Company is currently in the process of applying for licenses in several state jurisdictions.

Jackpot Digital's flagship product, the Jackpot Blitz® ETG, offers a modern, dealerless, player-friendly poker solution that integrates traditional multiplayer poker games with cutting-edge digital technology. The MGCU license will enable the company to offer its innovative gaming solutions to operators throughout Maine, driving new revenue opportunities and enhancing player experiences.
